Section 5: Community Needs and Engagement

Describe the community need(s) that you believe your project will meet and any benefits it will provide to the City of Tiffin and greater community (limit 500 words) *

This project proposes to continue the revitalization of Downtown Tiffin. Court Street's location adjacent to the East Green Ampitheater, National Corner, the Joint Justice Center, the Tiffin-Seneca Public Library, the future Community Kitchen as well as several historic buildings makes it the ideal selection for the next downtown beautification project. Court Street and Jefferson Street are also utilized as the site for many events and public gatherings, thus, further supporting the benefit for the project.

Which sections, if any, of the Multijurisdictional Joint Comprehensive Plan do you feel your project fits within? (link to comp plan in the question) *

Attractive, Desirable & Livable Places, Enhanced Mobility Accessibility & Strong Community Character and Image

What are the measurable outcomes of your project? (limit 500 words) *

Measurable outcomes will include the communities support of the project.

Please describe the level of community support for your project currently, including any foreseen pushback or opposition and provide examples if available. *

This project is currently supported by TSEP's Downtown Design Committee as well as by several residents and downtown property and business owners.

Please describe any community engagement/outreach/surveys/listening sessions that has taken place as part of the planning process of your project. *

Previous stakeholder meetings have been for this project. TSEP's Downtown Design Committee has previously been engaged and consulted for feedback in regard to project scope.

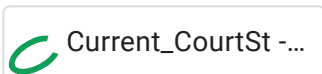

Please list any partner organizations for this project and a brief note of how they are partnering with you (government organizations, nonprofits, businesses, social clubs, etc) *
